Environmental Policy Statement

WEINSULATE.CO.UK LIMITED is a privately owned company specialising in domestic energy efficiency and retrofit projects. We recognise that our operations have an impact on the environment and are committed to conducting our business in a responsible and sustainable manner.

We are committed to protecting the environment, preventing pollution and continually improving our environmental performance. Environmental responsibility is integrated into our day-to-day operations and forms an essential part of our business planning and decision-making.

Our Environmental Policy is:

- Approved and fully supported by Senior Management.
- Reviewed regularly and updated to reflect changes in legislation, industry best practice and Company operations.
- Communicated to all employees, subcontractors and others working on our behalf.
- Available to customers, stakeholders and the public via our website.
- Implemented through our daily working practices.
- Monitored and reviewed annually to measure its effectiveness and identify opportunities for continual improvement.

Our Commitments

WEINSULATE.CO.UK LIMITED is committed to:

- Preventing pollution arising from our office, warehouse and site activities.
- Complying with all applicable environmental legislation, regulations and other relevant requirements.
- Continually improving our environmental management systems and environmental performance.

- Identifying, assessing and managing environmental risks associated with our activities.
- Implementing effective emergency procedures to minimise environmental impacts should an incident occur.
- Reporting environmental incidents to the relevant regulatory authorities, including the Environment Agency, where required.

Our Environmental Objectives

To achieve these commitments, we will:

- Minimise waste by applying the Waste Hierarchy: **Reduce, Reuse and Recycle**.
- Implement Waste Management Plans on applicable projects to maximise resource efficiency and recycling.
- Reduce the consumption of energy, water and other natural resources wherever reasonably practicable.
- Minimise the environmental impact of our installation and construction activities.
- Reduce carbon emissions by promoting efficient vehicle use and journey planning.
- Procure products with recycled content or from responsibly and sustainably managed sources wherever practical.
- Encourage environmentally responsible behaviours among employees, subcontractors and suppliers.
- Monitor our environmental performance and set objectives for continual improvement.

WEINSULATE.CO.UK LIMITED believes that effective environmental management benefits our customers, employees, the communities in which we work and the wider environment. Every employee and subcontractor is expected to support this policy and contribute to achieving our environmental objectives.
